## Motivational Space

**Cyrus Poonawalla**  
"Vaccine King of India"

Cyrus S. Poonawalla, often referred to as the "Vaccine King of India," is a renowned Indian billionaire businessman and the founder of the Serum Institute of India, the world's largest vaccine manufacturer by doses. Born in 1941 into a Parsi family in Pune, Maharashtra, he initially came from a background of horse breeding, as his family owned a stud farm. However, he shifted his focus to biotechnology and healthcare, which led to his groundbreaking contributions to global health includes:-

1. Serum Institute of India: Founded in 1966, the institute produces over 1.5 billion doses of vaccines annually, including those for measles, polio, and influenza. It played a pivotal role during the COVID-19 pandemic by manufacturing vaccines at an unprecedented scale.

2. Philanthropy: Cyrus Poonawalla has been actively involved in philanthropic efforts, particularly in healthcare and education. He has received numerous awards for his contributions, including the Padma Bhushan in 2022.

3. Global Recognition: He has been honored with several prestigious awards, such as the Sabin Humanitarian Award and honorary doctorates from institutions like the University of Oxford and Johns Hopkins University.

## Activities

### Basic Life Support TRAINING FOR 4<sup>TH</sup> YEAR BSc. NURSING

A Basic Life Support (BLS) training session was conducted at NEMCARE Hospital, Guwahati, for the 4th-year B.Sc. Nursing 20 students of NEMCARE Institute of Nursing Sciences, Mirza. The session was led by Dr. Rajib Sharma and aimed at equipping students with essential life-saving skills through hands-on training and evaluations.

The primary objective of teaching BLS is to equip students with essential knowledge and skills to respond effectively in life-threatening situations. This includes understanding the fundamental principles of BLS and mastering hands-on techniques such as CPR (cardiopulmonary resuscitation) and other emergency responses. Training focuses on developing quick decision-making abilities, enabling individuals to act promptly and accurately under high-pressure conditions. Through practical exercises, students learn to address emergencies confidently, ensuring their readiness to provide critical care and save lives. Such education not only fosters preparedness but also instills a sense of responsibility and competence in dealing with medical emergencies.

At the end of the training, students appeared for a viva as well as practiced re-demonstration to evaluate the knowledge of clinical interventions for the emergency management of life-threatening conditions. All 20 students successfully demonstrated their skills and knowledge in BLS. After the completion of the session, the students got some ideas as to how this hands-on training is proving effective in a patient care system.

## Hospital Visit at AIIMS GUWAHATI

On 22nd February 2025, the second-semester students of the Master of Hospital Administration (MHA) program undertook a one-day hospital visit to AIIMS Guwahati, a premier healthcare institution in the region. The academic excursion was meticulously planned to provide students with valuable insights into the practical functioning and management of a state-of-the-art hospital facility. The students were accompanied by Mr. Nishan Kakati, Assistant Professor, Department of Hospital Administration, along with Miss Jublee Kalita and Mrs. Eftaseem Parbin, who are also esteemed Assistant Professors in the same department. The visit aimed to enhance their understanding of hospital operations, administrative processes, and patient care services, bridging the gap between theoretical learning and real-world application. It was a significant learning experience that underscored the importance of hands-on exposure in shaping competent healthcare administrators.

## INDUSTRIAL VISIT: CHEMEX Global

On 25th February, 2025 the M. Pharm 2nd semester students specializing in Pharmaceutical Chemistry and Pharmacognosy embarked on a one-day educational field visit to Chemex Global. The visit was conducted under the guidance of Dr. Kangkan Deka, Assistant Professor, Department of Pharmacognosy, and Mr. Biprojit Paul, Assistant Professor, Department of Pharmaceutical Chemistry. This enriching experience was aimed at providing students with practical exposure to industrial processes and advancements in their fields. During the visit, the students observed various operations and interacted with industry professionals, further bridging the gap between theoretical knowledge and real-world applications.

## Alumni Corner

### Dhiraj Deka

IPA Manager, Assam Health Infrastructure Development & Management Society (AHIDMS) under Medical Education & Research Department (MERD), Govt. of Assam

As an alumnus of the Master's in Hospital Administration program at NEMCARE Group of Institutions, Mirza, am excited to share how my academic journey has shaped my career. During my time in the program, I completed a 3-month internship at LEHS|WISH, where I worked on an impactful Urban Health Project. This experience, combined with the program's hands-on curriculum, gave me a strong foundation in healthcare quality and administration. Following the completion of my degree, I was fortunate to secure a placement at Integra Ventures as a Quality Coordinator. My education at NEMCARE provided me with the practical skills and knowledge necessary for success in this role, particularly in the areas of quality assurance and healthcare management. I am proud to be a part of the NEMCARE Group of Institutions alumni community and deeply grateful for the opportunities and growth it has fostered in my professional journey. Dhiraj is currently serving as an IPA Managers under the prestigious Assam Health Infrastructure Development and Management Society (Government of Assam) at Kanaklata Civil Hospital, Sonitpur.

## Insightful Corner

### TIPS TO CRACK AN INTERVIEW

#### Do's:

1. **Research the Organization:** Be well-versed in the company's values, mission, and recent achievements.
2. **Dress Professionally:** Wear attire that matches the organization's culture; when in doubt, lean toward formal.
3. **Be Punctual:** Arrive 10-15 minutes early to show you're dependable and respectful of others' time.
4. **Maintain Good Body Language:** Sit straight, make appropriate eye contact, and give a firm handshake if offered.
5. **Prepare Answers and Questions:** Practice common interview questions and prepare thoughtful questions about the role.
6. **Be Honest:** Speak truthfully about your skills and experiences without exaggeration.
7. **Show Confidence:** Answer with clarity and maintain a positive attitude.
8. **Listen Actively:** Let the interviewer finish their questions before responding.

#### Don'ts:

1. **Don't Be Late:** Being tardy can create a negative first impression.
2. **Avoid Over-Talking:** Stick to the point—rambling may indicate a lack of focus.
3. **Don't Criticize Past Employers:** This can come across as unprofessional or negative.
4. **Avoid Using Slang or Informal Language:** Maintain a professional tone throughout.
5. **Don't Lie or Stretch the Truth:** Misinformation can easily backfire if discovered.
6. **Don't Be Distracted:** Keep your phone silent and maintain focus on the interviewer.
7. **Avoid Monotone Answers:** Show enthusiasm and interest in the conversation.
