Mary Kom: A Champion's Journey

Chungneijang Mary Kom Hmangte, popularly known as Mary Kom, is from a humble family in rural Manipur, northeast India, with balanced school, farm work, and a love for sports like football, volleyball, and athletics. Inspired by Dingko Singh, a Manipuri boxing champion, Mary secretly pursued boxing despite her father's initial concerns. His support grew after seeing her passion in a newspaper photo, and she quickly returned to training after marriage and the birth of her first child. Her unwavering dedication brought a glittering career with numerous accolades, including silver at the 2008 AIBA Women's World Boxing Championships, gold at the Asian Indoor Games, and bronze at the 2012 Olympics. Notably, Mary is the only female boxer with six World Amateur Boxing Championship titles and medals across seven championships, amassing over 20 medals in two decades and earning the title "Magnificent Mary." She also established a sports club in Manipur to support young boxers. Appointed to the Rajya Sabha in 2016, Mary is a PETA advocate, emphasizing compassion for animals: "One of the best ways to knock out cruelty is to teach compassion to young people." Her journey reminds us of the power of resilience. Despite her achievements, she remains grounded, honoring her roots in Manipur's farming community. Mary's story shows us that with determination, dreams can truly come to life.

Achievement

NETES Institute of Pharmaceutical Science is incredibly proud to share the outstanding achievements of our students at the 27th Annual National Convention of APTICON, held at Utkal University, Odisha! 🌟

- 🏆 Shibanee Talukdar - 1st Prize in Scientific Poster Presentation
- 🏆 Dipjyoti Sharma - 2nd Prize in Scientific Poster Presentation
- 🏆 Jebina Yasmin - 3rd Prize in Scientific Poster Presentation

These brilliant minds have showcased the power of research, innovation, and dedication. Their scientific contributions, focused on improving the pharmaceutical sciences, reflect the quality of education and mentorship they receive at our institute. We are immensely proud of their hard work and success. This is a significant milestone for the Department of Pharmacognosy and further strengthens our commitment to fostering an environment of academic excellence and research innovation. 💡 🇮🇳

SOFT SKILL TRAINING

On 26th October 2024 one-day workshop on "Foundational Soft Skills for Healthcare Professionals" organized by the Department of Hospital Administration, NEMCARE Group of Institutions, in association with IQAC, NETES and in collaboration with Integra Ventures .

The workshop featured active participation, providing attendees with valuable insights to enhance communication and interpersonal skills within the healthcare sector. A heartfelt thanks to everyone who contributed to making this event a success.

STUDENTS REVIEW *Master's in Hospital Administration Programme*

On October 26, 2024, we, the students of the 1st Semester, Master's in Hospital Administration program participated in the workshop "Foundational Soft Skills for Healthcare Professionals" organized by the Training & Placement Cell, NEMCARE Group of Institutions in collaboration with Integra Ventures. The session provided valuable insights into task prioritization and efficient time management. The facilitator was highly knowledgeable and engaged us with interactive exercises, leading to lively discussions, particularly during the Q&A segment. We found the session informative and effective, though adding real-life case studies could enhance the learning experience. Foundational soft skills like active listening, emotional intelligence, adaptability, and conflict resolution are essential in healthcare, as they strengthen communication, empathy, and teamwork. Cultivating these skills not only improves patient care but also fosters a positive work environment, enhancing health outcomes and job satisfaction.

Alumni Corner

Abinash Bhuyan

*Quality Assurance officer
Sun Pharmaceutical
Private Ltd. Guwahati*

Hello, I am Abinash Bhuyan from NETES Institute of Pharmaceutical Science. I currently work as a Quality Assurance officer at Sun Pharmaceutical Private Limited's Guwahati site. My B. Pharma degree was completed at NIPS, which has a beautiful campus with a playground. The experienced teachers at NIPS are friendly with all the students. Lastly, I would like to express my gratitude to my institute for providing me with all the necessities during my academic years. I would also like to thank the faculties for their motivation and guidance, which enabled me to join Sunpharma.

**Mr. Manash
Pratim Talukdar**

*Executive of HR & Quality
NEMCARE Hospital,
Guwahati*

As an alumnus of the Master's in Hospital Administration program at NEMCARE Group of Institutions, Mirza. I am thrilled to share how my education has shaped my career. Currently serving as the Executive of HR & Quality at NEMCARE Hospital, Guwahati. The program's comprehensive curriculum and hands-on approach equipped me with the skills needed for effective hospital administration. The real-world applications, combined with industry interactions and internships, provided a solid foundation in HR management and quality assurance, which are critical in my role today. I am proud to be part of the NEMCARE Group of Institutions alumni community, and I am grateful for the opportunities and growth it has enabled in my professional journey.

No. KCA.01/DO/2024
Dated: 19.11.2024

I am delighted to address the brilliant minds of Mirza, NGI, who are dedicated to pursuing their dreams in the field of medical sciences. You have undertaken a journey that is both purposeful and of immense potentiality. Remember that you are not only preparing for a career, but also for a life dedicated to making a difference as you continue your education in medical sciences and allied disciplines.

There will be obstacles in life; however, each obstacle presents an opportunity for personal development. Your success will be determined by your determination, perseverance, and capacity to surmount challenges. Be confident in your abilities, remain inquisitive, and never hesitate to ask questions, as learning is a perpetual process that extends beyond the confines of the classroom.

Your tenure at NGI serves as a foundation for both personal and professional growth. Make the most of the training programs, and guidance that are at your doorstep. Develop a mindset that prioritizes empathy and innovation – two attributes that will set you apart in the healthcare industry.

The future is yours to shape. Walk forward with confidence, for you have the power to create a brighter, healthier tomorrow.

Wishing you all the best in your journey.

(Deba Kumar Mishra, ACS)
